PROFESSIONAL PERFORMANCE MANAGEMENT

Developed by  **eblackwidow**

Xcellere

NEWS:

eblackwidow extends its web of products and services.

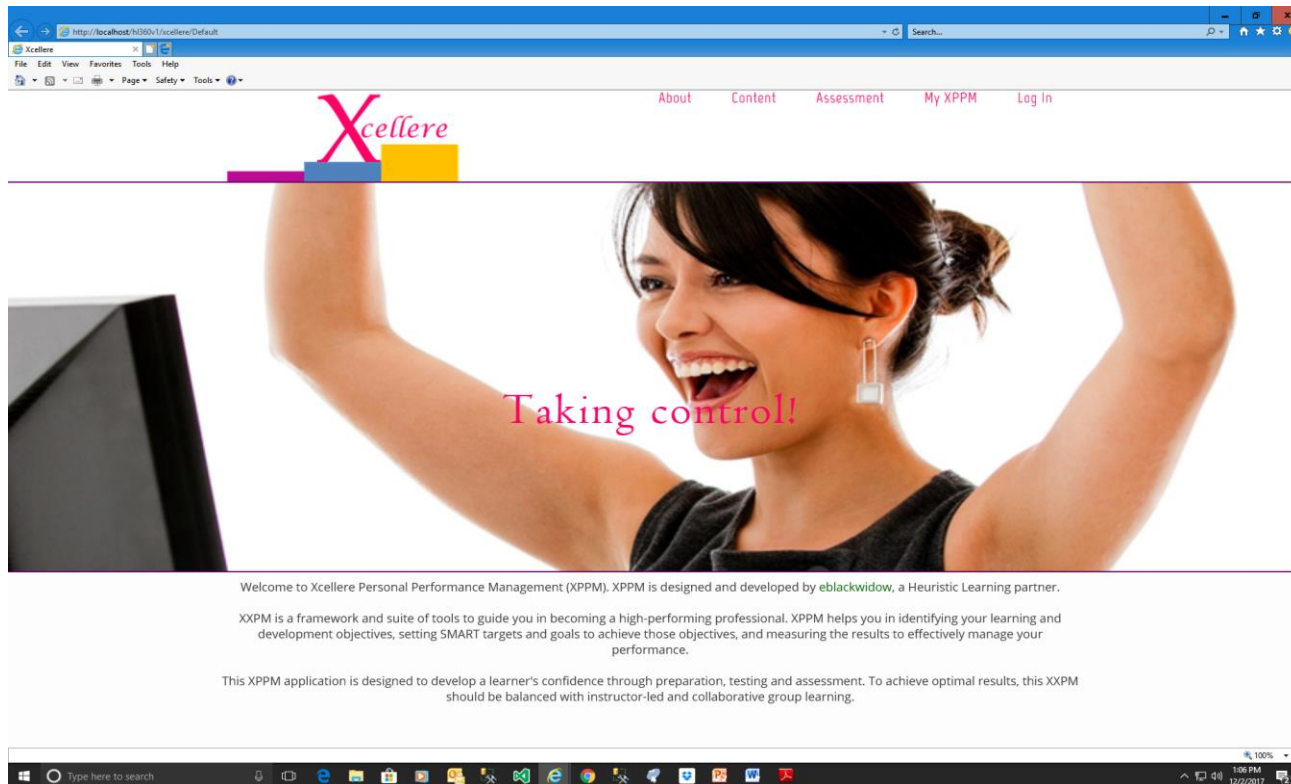

eblackwidow (EBW) released a beta version of **Xcellere**, its new professional performance management web-based application. **Xcellere** is an eLearning solution to create high-performance individuals.

Xcellere is currently being used by EBW's partner, Heuristic Learning (www.heuristiclearning.com) for project management students enrolled in the PMP Exam preparation course. **Xcellere**.

Xcellere

Excellere (Latin) – “to be eminent; to excel; to rise, to surpass”

Xcellere

Xcellere

Welcome to Xcellere our new Professional Performance Management (XPPM) web-based application.

XPPM is a framework and suite of tools to develop high-performing professionals. XPPM assists individuals with identifying and managing their professional development objectives and goals.

XPPM provides goal management, online content, challenges, an assessment tools. XPPM is designed to develop learner's confidence through preparation, testing and assessment. To achieve optimal results, XPPM should be balanced with instructor-led and collaborative group learning offered through our partners:

Heuristic Learning: www.heuristiclearning.com

Strategos Academy: www.strategosacademy.com

Sketched on a Napkin: www.sketchedonanapkin.com

Coffee Cup Conversation: www.coffeecupconversations.com

XPPM is aligned with their courses.

Xcellere

Challenges Page

Display information about the challenge, the question, choices, and insight

The screenshot shows the Xcellere web application interface. The browser address bar displays the URL: <http://localhost:5020/xcellere/challenges/challengeSingle?exam=PM0001&user=2>. The page features a header with the Xcellere logo and a navigation menu. The main content area includes a 'MY PERFORMANCE' section with a learner icon and a 'Current Scorecard' showing 'Right: 1 Wrong: 0'. The 'Assessment Details' section lists the challenge (PM0001-0001), program (Project Management), course (Introduction to Project Management), area (Project Framework), and number of questions (25). The 'Question' section displays a multiple-choice question: '1. Which one of the following is not an attribute of a project?' with options A (Definite starting date), B (Has no definite end date), C (Creates a product, service, or results), and D (Requires resources). The 'Insight' section provides additional information: 'B. A project does have a definite end date. A, C, and D are all incorrect choices because projects do have a definite starting date, they do create a unique product, service, or changes to the environment, and all projects require resources. For more information, see section 1.2 in the textbook.' The 'Scoreboard' and 'Menu' sections are also visible. The footer contains the Xcellere logo and copyright information: 'is designed and developed by eblackwidow, LLC. © Copyright 2017 eblackwidow, LLC All Rights Reserved.' The browser's taskbar at the bottom shows the Windows Start button, a search bar, and various application icons.

Challenge Information

Question and multiple choice answers

Insight

Scoreboard

Menu

Xcellere

Challenge Information box displays details about the specific challenge

- ❖ Challenge – specific challenge code
- ❖ Program – Specific program name (Project Management, Data Science, etc.)
- ❖ Course – Specific course name (Introduction to Project Management, etc.)
- ❖ Area – Specific area such as the lesson or module within the course

Question and multiple choice answers

Insight provides details to support the correct answer. The content is hidden. The user can choose to display the content by clicking the **Insight** button on the Menu

Xcellere

Menu provides options to submit desired answer, to maneuver through the challenge questions, and to return to the previous menu

- ❖ Prev – move to the previous question
- ❖ Next – move to the next question
- ❖ Submit – submit desired answer
- ❖ Insight – displays the correct answer with explanation
- ❖ Menu – returns to previous menu

Scoreboard displays the number of correct and incorrect answers

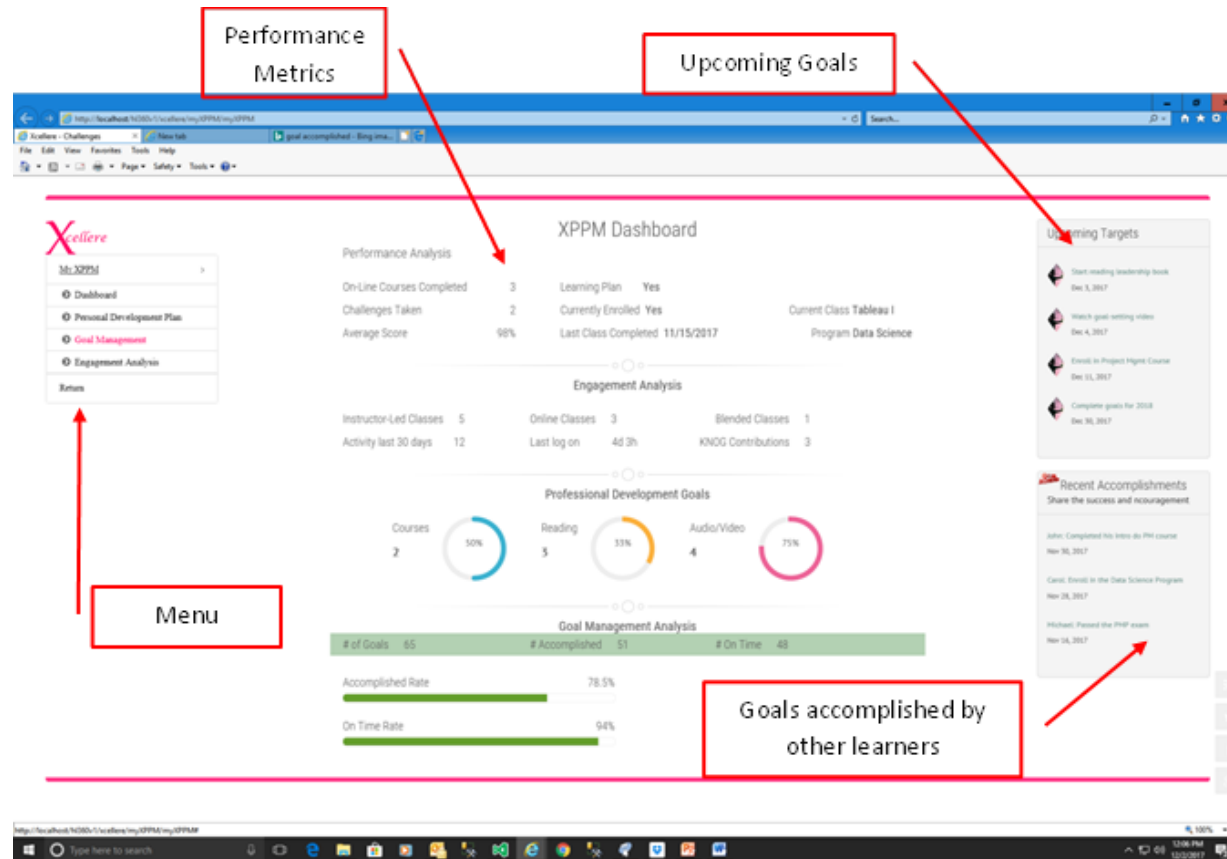

XPPM DASHBOARD

XPPM dashboard displays information about the learner's professional development progress and analysis providing metrics to assist the learner in becoming a high-performing individual. The dashboard also displays goals with upcoming target dates to keep the learner on track. Goals accomplished by other learners are displayed as a motivator.

Dashboard also displays areas of strength and weaknesses based on learner's challenge results. (Not displayed in image)
